WORK EXPERIENCE

Prosoft technologies

March 2023 - Present 2025

I am working on an EMR (Electronic Medical Repository) website to manage data for doctors and patients. With full functionality , designing and development.

With this, create BM (Business Manager) and PIM (Personal Information Manager) websites for data management and the design was prepared by me. I have done the entire frontend development.

Delta4 Infotech Pvt Ltd At Mohali phase 7 , Chandigarh

June 2022 - March 2023

I did many projects in Delta4 Infotech Explore Talent is the biggest project I handle I did this work in HTML, CSS, Javascript, and React Js Every time my main aim is to learn new things I build Modern UI components to improve application performance. Built reusable code for future use and optimized web pages for 5 applications for maximum speed and scalability Produced high-quality Code & designed different prototypes and provided high quality graphics & visual elements
